

Various shoemaking supplies for sale

For more than 20 years I've designed and made women shoes. Due to retirement my shoe company is now for sale.

The total package offered for sale is suitable for making fashionable and comfortable custom shoes. As well for the production for a ready-to-wear convenient and modish shoe line.

The shoes have interchangeable sockliners as standard. These can be replaced by custom-made podiatric or orthopedic insoles (orthotics).

Offered

- 15 pairs lasts, UK size 3 to 9 (13 sizes, also ½ sizes) for the AGO manufacturing method
 - 12 associated shoe models
 - 12 associated upper cutting-patterns
- stock of associated outsoles, insoles, sockliners
 - 25 associated cutting dies

All used but in very good condition. Preferably all in one go.

Photos and details see:
attachment 'Shoe models' & attachment 'Shoe supplies'

Price negotiable
